HOME DECOR LIGHTING

CATALOGUE 2026-27

ABOUT US

Label Light + Living is a home décor lighting brand shaped around a new design consciousness emerging across India.

As homes become more personal and choices more considered, we believe lighting deserves to evolve too — from a functional necessity into an expression of art, design and the way we live.

Our vision is to bring thoughtful forms, distinctive materials and better design into Indian homes, creating a new language of light for where India is headed.

India's New-Age Home Decor Lighting Brand.

Designed for How India Lives Today.

THE ROYAL TORCH

A slender line of brushed gold rises into a sculpted glass crown. Its layered planes catch and soften the warm light, giving Royal Torch a poised architectural presence on the wall.
